

BILL NO. R-69-10-13

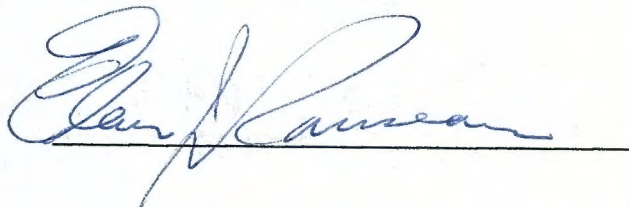

RESOLUTION NO. R-54-69

RESOLUTION of the Common Council of the City of Fort Wayne to develop, complete and subsequently operate a Municipal Information Subsystem as proposed in response to RFP H-2-70.

WHEREAS, the City of Fort Wayne desires to bring to all of its citizens those benefits of well-being, security and efficiency which modern technology can now secure for the administration of a city, and therefore supports the HUD effort to develop computer-based operation management information systems in the areas of public safety, finance, human resources, and physical and economic development;

NOW THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

That a letter, a copy of which is attached hereto and made a part hereof, be directed to the Department of Housing and Urban Development, Washington, D.C., setting forth the desires and intentions of the City of Fort Wayne in connection with the development and operation of a Municipal Information Subsystem for the City of Fort Wayne, Indiana.

A handwritten signature in blue ink, appearing to read "Earl J. Karsman", is written over a horizontal line.

Department of Housing & Urban Development
Washington, D.C. 20410

Title: Resolution of the Common Council of the City of
Fort Wayne, Indiana to develop, complete and
subsequently operate a Municipal Information Sub-
system as proposed in response to RFP H-2-70.

Gentlemen:

The City of Fort Wayne desires to bring to all of its citizens those benefits of well-being, security and efficiency which modern technology can now secure ~~FOR THE~~ administration of a city. We therefore support the HUD effort to develop computer-based operation management information subsystems in the areas of public safety, finance, human resources, and physical and economic development. It is our intention, if the city is a successful bidder for one of the first two subsystems, to develop and continue to use that subsystem in our administrative operations. Further, it is our intention to widen the usefulness of such a management information subsystem by incorporating and using the practical developments made by our sister cities who are also seeking under this HUD program to achieve other effective operational subsystems.

An information system which can not only assist our city administration, but be available to the citizens and industry of Fort Wayne for their benefit is our long range goal. We pray that we may participate in developing this needed boon for ourselves and the other cities of this country.
